

Covid-19 Fact Checking

Hambrsoom Baboyan 40054395

Thomas Gauvin 40064853

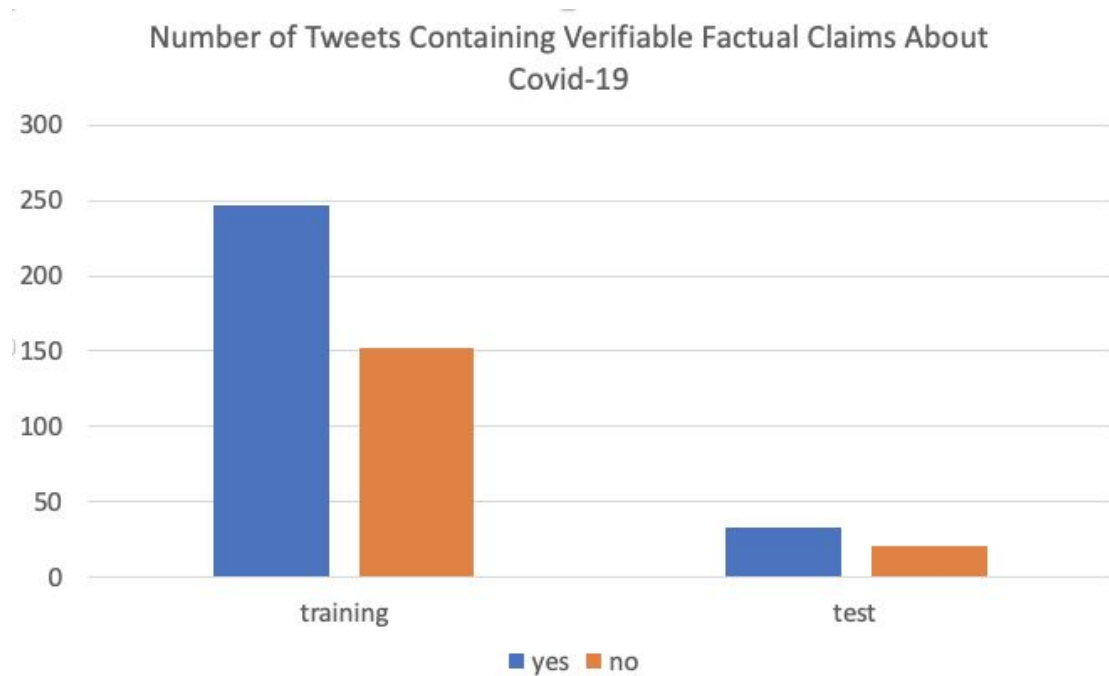

Zohal Mir 40033246

Analysis of initial datasets

Observations

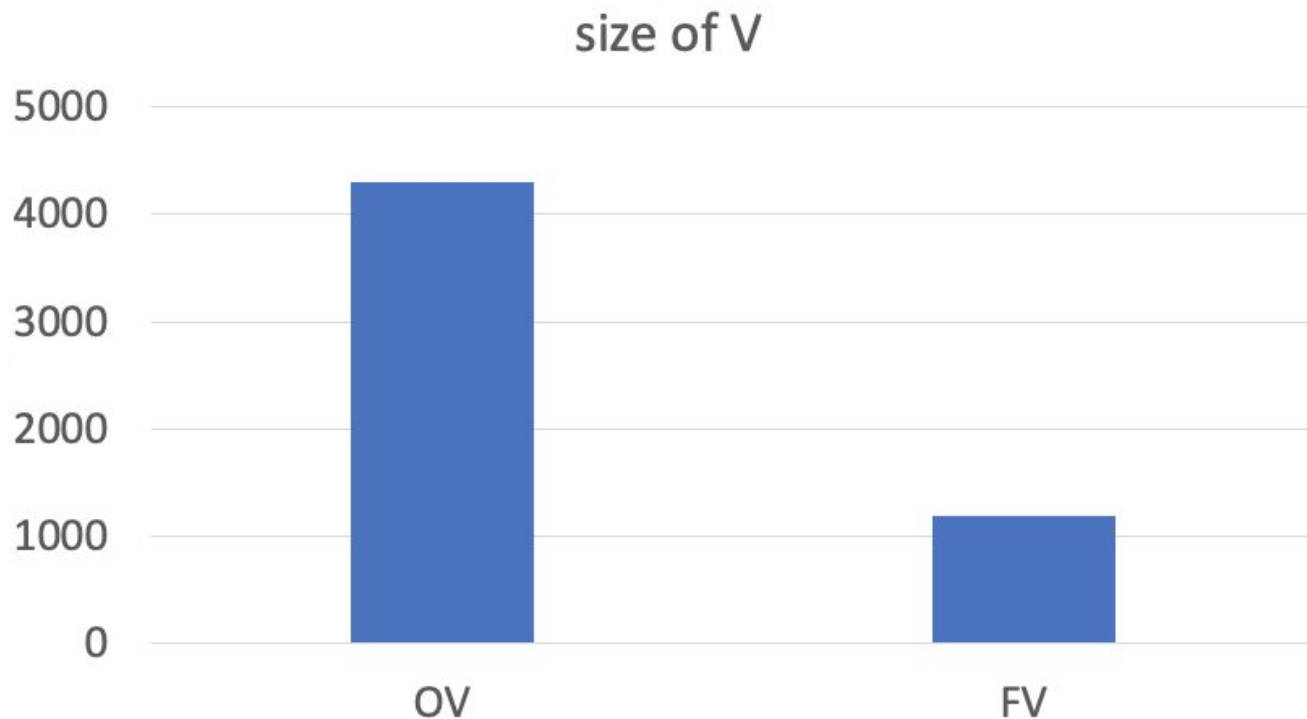

- The dataset is unbalanced.
 - Biased towards Yes.

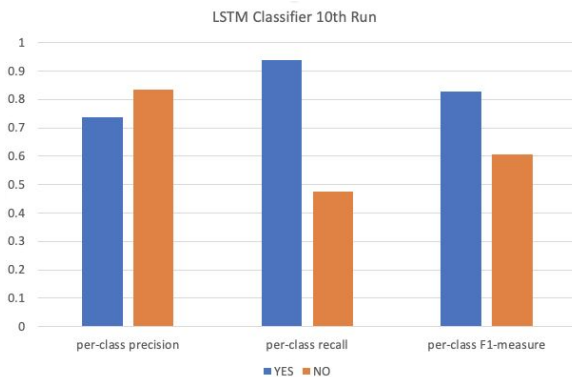

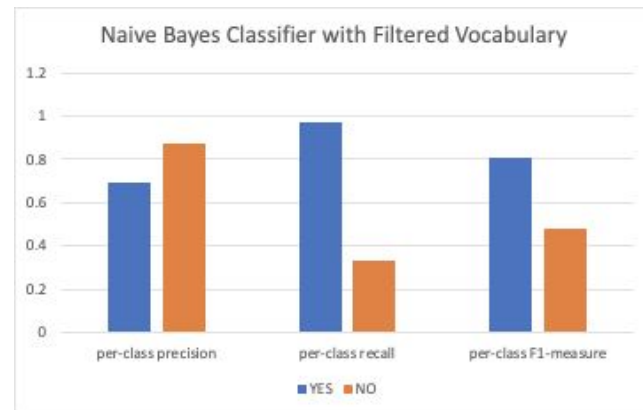

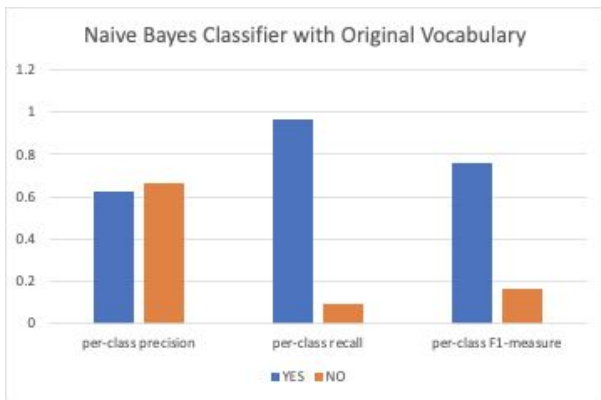

Comparison of Models

Comparison of Vocabulary Size

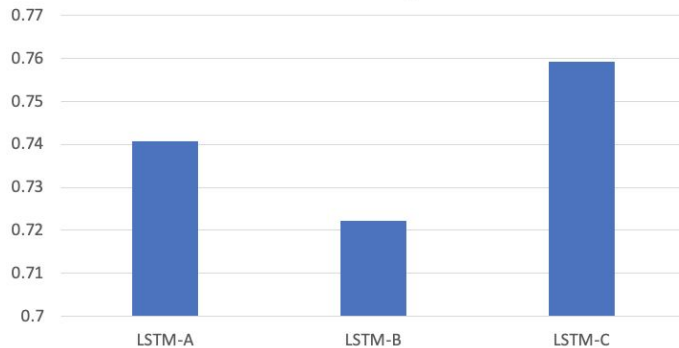

Models' Performance Comparison

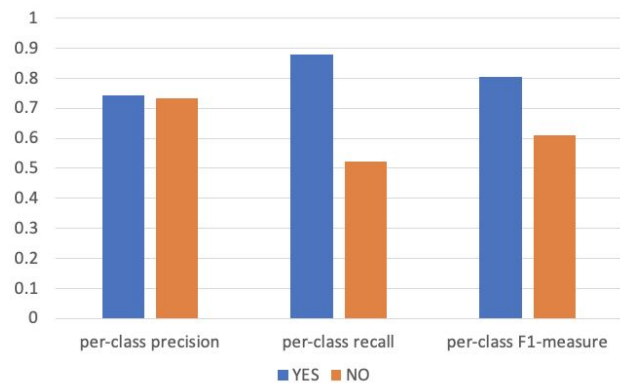

LSTM: 3 runs (A, B, C)

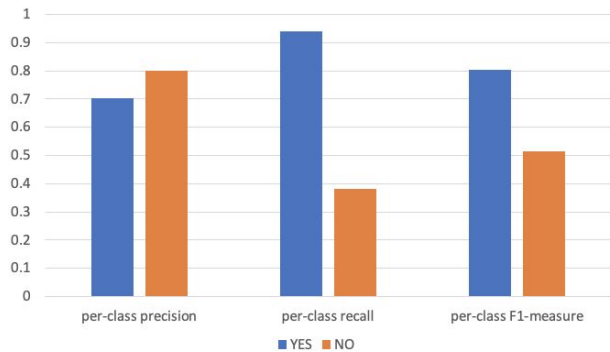

LSTM Accuracy

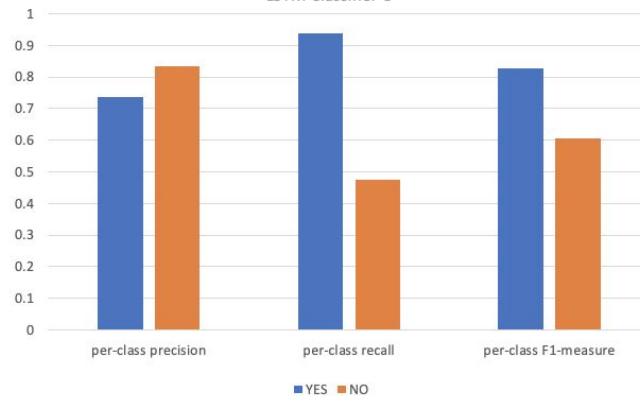

LSTM Classifier A

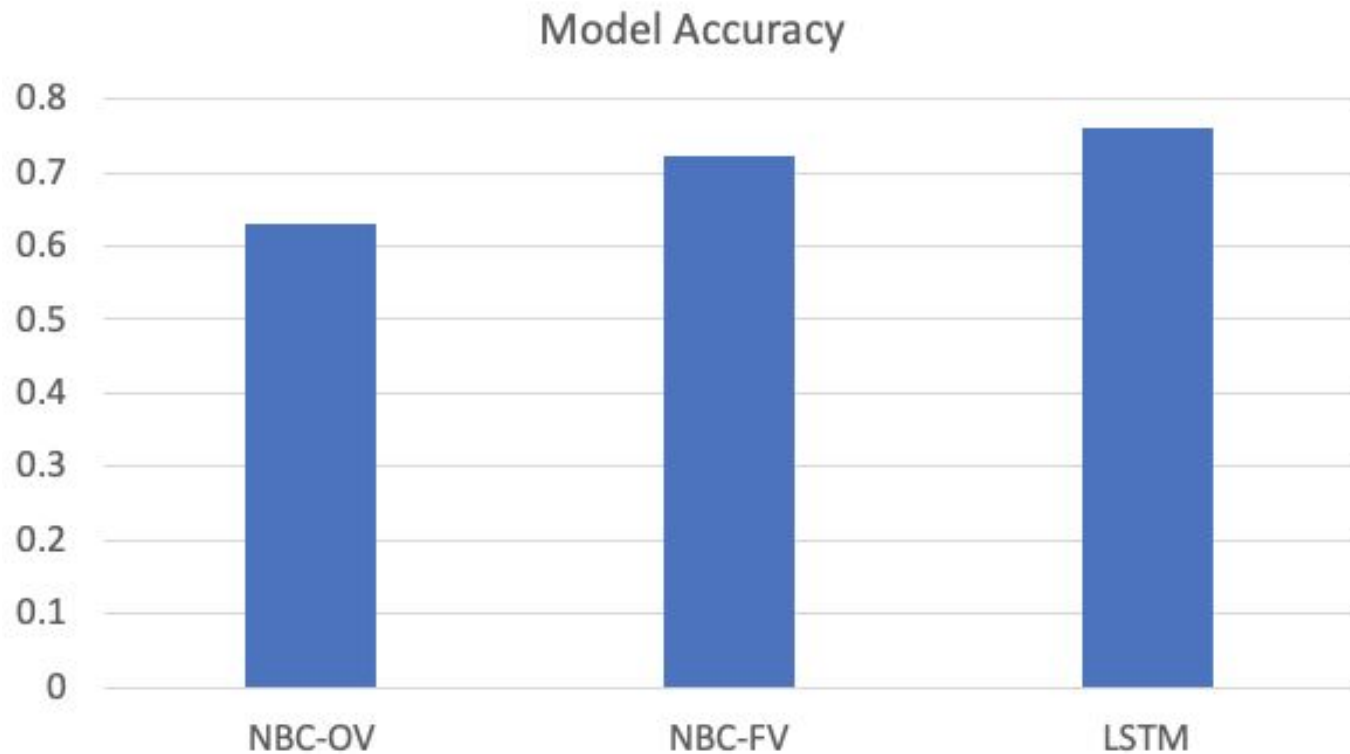

LSTM Classifier B

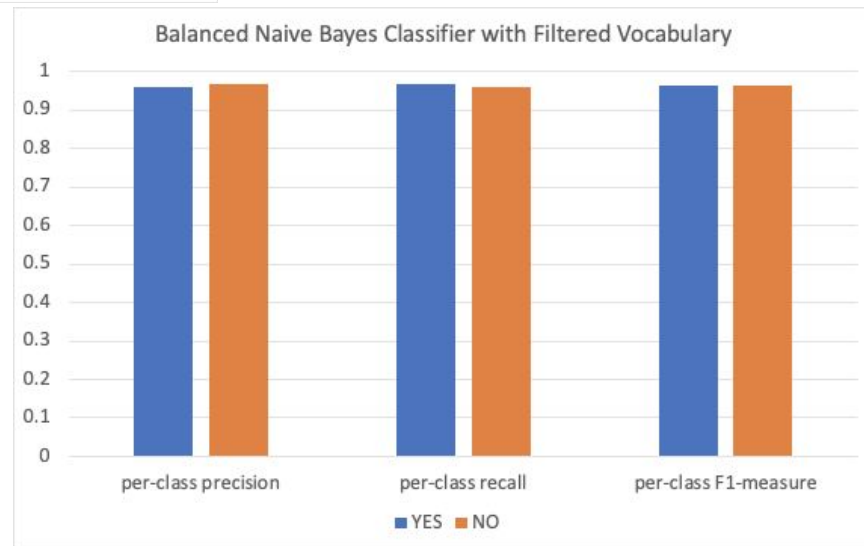

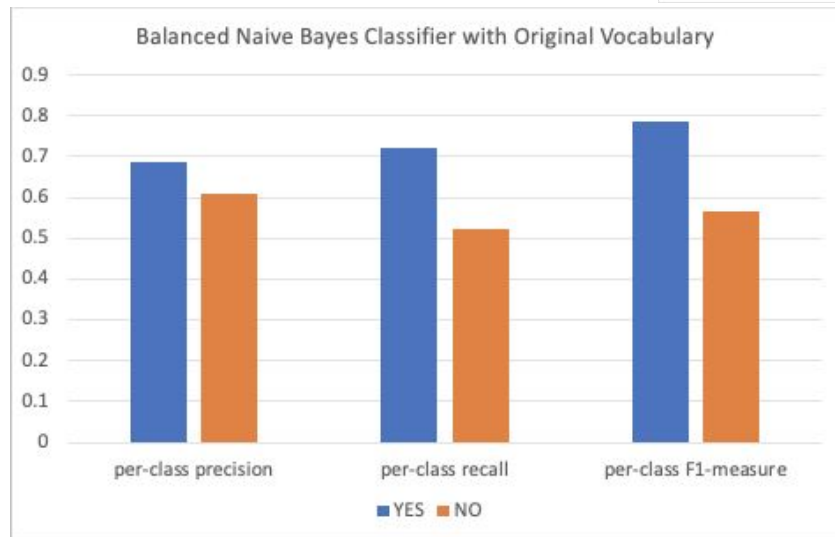

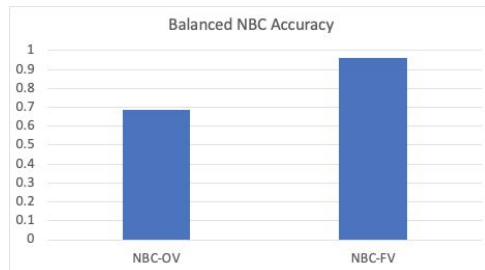

LSTM Classifier C

Comparison of Accuracy

Models' Performance with Balanced Dataset

Each Member's Contribution

Each Member's Contribution

- **Hambrsoom:**
 - Code refactoring and fixing code issues
 - Perform analysis and made the powerpoint
- **Thomas:**
 - Implemented the code base for the assignment
- **Zohal:**
 - Code refactoring and fixing code issues
 - Perform analysis and made the powerpoint
- **Everyone:**
 - Pair programming
 - Review each other's work
 - Put everything together

Thank you!
